

## CERTIFICATE OF ANALYSIS

### Product

### Cloudy Pomegranate Juice NFC

#### Description

: Pomegranate concentrate is prepared by extracting the pulp obtained from mature pomegranate. Ripened fruit is processed in excellent condition by suitable means according to quality standards

#### Juice Type

: Cloudy Pomegranate Juice NFC

#### Traceability code

:

### Physico-Chemical Analysis

#### TSS ( Brix )

: 15 ± 1

#### Acidity (Citric acid)

: 1 (+/-) 0.3 % As anhydrous Citric Acid

#### Ratio

: Not less than 15

#### pH

: < 3.5

#### Appearance

: Pomegranate Concentrate is processed with cloudy

#### Color index

: Light red to red color ( 5RP 5/10 – 6/10 ) color chart \*

### Microbiological in-house test ( 30 C ) 3-5 days

#### Yeast

: NIL

#### Mould

: NIL

#### Total Plate Count

: NIL

### Packing & Storage

#### Shelf Life

: 24 months

#### Storage

: For ideal storage conditions keep freeze in (- 18) C

### Packing

<b>Drum weight (Net)</b>	200 kg (Net weight)
<b>Drum Weight (Gross)</b>	213 kg
<b>40 FCL Frozen</b>	120 Drums = 24 MT net
